

Families and the Bible

Questions kids ask:

1. Did God write the Bible?

Answer: God did not write the Bible with pen and ink, or type it up on a heavenly computer. God did inspire ordinary people to speak God's messages to us in their own style of writing.

2. Is the Bible an ordinary book?

Answer: The bible is a collection of many books and letters written over the course of thousands of years. The Bible is important because God has a message for us in each every book.

How to Get Your Family Started Reading the Bible:

Find it, dust it off, and put it on the kitchen table. Notice if anyone opens it.

Let your family see you reading the Bible.

Tell your family about a story you read in the Bible at dinner or sometime when you're together in the car.
